1. Class 2 laser product tested to limit the power of emission to 1mW continuous wave. Laser light is reflected on LCD and plasma screens, making it less visible.
2. When your battery is low, the R500 goes into a 'power-saving' mode – disabling the laser to extend battery life so you can continue presenting for an extra week. Battery life may vary based on use and computing conditions.
3. Requires installation of Logitech Presentation software, available for download at logitech.com/r500sw (Only compatible with Windows® 7 or later / macOS® X 10.12 or later.
4. Wireless range may vary due to environmental and computing conditions.
