

Logitech® MX Keys Advanced Wireless Illuminated Keyboard

Think It. Master It.

Product Description

The Logitech® MX Keys Advanced Wireless Illuminated Keyboard is Logitech's most advanced typing experience yet. Created for designers and engineered for coders, it combines crafted keys with smart illumination and a remarkably solid build, so you can master every keystroke with precision and performance.

MX Keys is designed, developed and engineered together with Logitech MX Master 3 Advanced Wireless Mouse to team perfectly together, offering a premium look and feel, seamless workflow and advanced functionality.

Key Features

- **Perfect Stroke Keys:** Spherically-dished keys match the shape of your fingertips, offering satisfying feedback no matter where you tap. Every keystroke is fluid, natural, fast and accurate with a distinct tactile response.
- **Comfort And Stability:** A balanced design, quality materials and a remarkably solid build inspire focus and confidence at your desk.
- **Smart Illumination:** The backlit keys light up the moment your hands approach the keyboard and automatically adjust to suit changing lighting conditions, which also saves battery power.
- **Flow Cross-Computer Control:** Use Logitech Flow™ to work across multiple computers in one fluid workflow. Seamlessly type, copy and paste across two computers*.
- **Multi-Device And Multi-OS:** Pair MX Keys through *Bluetooth*® or Unifying™ USB dongle with up to three devices and switch between them at the push of a button. The dual layout is designed for both Mac and Windows users, and MX Keys is compatible with Windows®, Mac®, Linux®**, iOS and Android systems.
- **USB-C Rechargeable:** MX Keys stays powered up to 10 days*** on a full charge or up to five months with backlighting turned off. When it's time to recharge, the battery indicator LED glows red and you can continue using it while charging via USB-C.
- **Personalized Comfort with MX Palm Rest:** Purchase a detachable palm rest for additional comfort, sold on Logitech.com and Amazon.

Product Specifications
