

# CREATIVE STAGE SE

## Creative Stage SE Under-monitor Soundbar with *Bluetooth* and USB Digital Audio

Designed for entertainment and gaming, the Creative Stage SE is a high performance, under-monitor soundbar for your computer and gaming consoles. A stylish soundbar that delivers powerful acoustics with our custom-tuned racetrack drivers and Sound Blaster technology that further enhances sound quality and immersion to compliment your visuals.

The Creative Stage SE powers up via a power adapter and connects to your computer with a single USB cable or wirelessly with *Bluetooth* 5.3. Its small footprint also allows for flexible placement under the monitor and well suited for smaller rooms. Plus, the soundbar is easy to set up and control, with the multi-functional knob conveniently located at the side of the soundbar for easy reach to power on or adjust volume.

Consider the Creative Stage SE as your well-deserved step-up from your computer audio or basic stereo speakers!

**ENJOY POWERFUL AUDIO WITH TONE ADJUSTMENT** – Decked out in custom-tuned full-range racetrack drivers and oversized radiators, the Creative Stage SE delivers up to 48W peak power with high-quality audio, an instant boost from your computer built-in speaker. You can also toggle between warmer or brighter audio, and adjust to your liking

**SURROUND AND CLEAR DIALOG, POWERED BY SOUND BLASTER** – Bringing the cinematic experience to your desk with our Surround technology, it enhances the spatial information of incoming audio via Sound Blaster's audio filters. You will also be able to hear each syllable clearly without compromising on ambient effects with Clear Dialog technology

**FUSS-FREE CONNECTIVITY** – Easy to set-up and powered via a power adapter, the Creative Stage SE offers both USB digital audio and *Bluetooth* 5.3 connectivity. You can enjoy your music while plugged into your PC, or switch to wireless streaming from your phone

**SLEEK DESIGN AND EASY CONTROLS** – The Creative Stage SE is designed to deliver high-quality audio playback without taking up valuable living space. Sporting a chic black design, it sits comfortably under monitor and fits perfectly in any desk setup. You can also make volume adjustments on the go via the multi-functional knob by the side of the soundbar

**ADDED CONVENIENCE WITH IR REMOTE** – Gain full accessibility with the help of an IR remote control to control not just volume adjustments, but source switching, Surround and Clear Dialog modes selection, as well as tone adjustments

Creative Stage SE	
Technical Specifications	
Product Color	• Black
Soundbar Power Output	• 2 x 12W RMS
Total System Peak Power	• 48W
Frequency Range	• 55Hz – 20kHz
Signal-to-Noise Ratio (SNR)	• ≥ 80dB
Maximum RF Output Power	• 7 dBm
USB Audio Playback	• Supports up to 16-bit 48 kHz
Operating Temperature	• 0°C to 40°C
Bluetooth Version	• Bluetooth 5.3
Bluetooth Operating Frequency	• 2402 – 2480MHz
Bluetooth Profiles	• A2DP (Advanced Audio Distribution Profile) <sup>1</sup> • AVRCP (Audio / Video Remote Control Profile)
Audio Codec	• SBC
Bluetooth Operating Range	• 10m / 33 ft
Charging Interface	• DC Plug
Soundbar Dimensions (L x W x H)	• 410 x 108 x 68 mm / 16.14 x 4.25 x 2.68 inches
Soundbar Weight	• 1.22 kg
Driver Dimensions (L x W)	• Dual Full-range Racetrack Drivers: 75 x 52 mm / 2.95 x 2.05 inches • Passive Radiator: 121 x 54 mm
USB Cable Length	• USB-C to USB-A Cable: 1.2m tip to tip
USB Cable Weight	• USB-C to USB-A Cable: 33 g
Minimum System Requirement	
USB Audio	PC or Mac • Available USB A port • USB 2.0  PS4 / PS5 / Nintendo Switch • Available USB A port • USB 2.0
Bluetooth Audio	• Compatible <i>Bluetooth</i> devices that support the Advanced Audio Distribution Profile (A2DP)
Package Content	
	• 1 x Creative Stage SE • 1 x USB-C to USB-A Cable • 1 x Quick Start Leaflet • 1 x Warranty & Compliance Information Leaflet • 1 x IR Remote controller* • 1 x Power Adapter with Interchangeable Adapter Plug
Warranty	
	• 1-year limited hardware warranty • 2-year limited hardware warranty (Europe)

<sup>1</sup> Stereo *Bluetooth* or A2DP profile enables wireless transmission of full stereo sound to other *Bluetooth* devices. To determine whether your device (notebook, PC or mobile device) is equipped with A2DP-enabled *Bluetooth* technology, refer to your device manufacturer's documentation/website for more information.
